Education

Nankai University · College of Computer Science	M.S. Candidate
Core Courses: Computer Vision, Reinforcement Learning, Deep Learning, Advanced Computer Architecture, etc.	Sep 2025 – Present
Nankai University · College of Computer Science	B.S.
Core Courses: C++, Python, Introduction to Algorithms, Data Structures, Database Principles, Machine Learning, etc.	Sep 2021 – Jun 2025
Linyi No.1 High School, Shandong	High School
Awarded Municipal Outstanding Student Leader	Sep 2018 – Jun 2021

Honors

- **Scholarships:** National Endeavor Scholarship (2021–2022), Gongneng Scholarship (2022–2023, 2023–2024)
- **Awards:** Merit Student (2022–2023, 2023–2024), Outstanding Graduate of Nankai University (Class of 2025)
- **Thesis Honor:** Outstanding Undergraduate Thesis of Nankai University: Research on Lightweight Camouflaged Object Detection Models

Research

Video Portrait Matting	Lead
Real-time Video Portrait Segmentation with Consistent Memory Mechanism	Sep 2025 – Present
Continual Fine-tuning for Multimodal LLMs	Lead
Incremental Fine-tuning with Catastrophic Forgetting Mitigation	Aug 2025 – Present
Outstanding Thesis: Lightweight Camouflaged Object Detection	Lead
Media Computing Lab, Nankai University	Dec 2024 – Jun 2025
Paper: Remote Sensing Tuning: A Survey	Second Author
CVMJ Highlight	Oct 2024 – May 2025
Low-Light Image Enhancement Based on Physical Priors	Participant
National Undergraduate Innovation Research Program	Mar 2023 – Apr 2024

Skills

- **Programming Languages:** Python, C++ (primary); experienced with MySQL, Java, HTML, etc.
- **Development Tools:** Cursor, CodeX, Git, Vim, Make, etc.
- **Areas of Expertise:** Video Understanding, Efficient Fine-tuning, Continual Learning, Camouflaged Object Detection, etc.
- **Language:** CET-4: 621, CET-6: 566
- **Personal Traits:** Optimistic, outgoing, collaborative
